We recognise that in the early years, following a diagnosis, some simple activities such as attending playgroups & playcentres can become too overwhelming to enjoy.

**Heroes Academy provides FREE**, no strings attached activities for children with additional needs (and their siblings). **Heroes Academy Playgroup** is for children aged 0-5 and are small in numbers (less people so that everyone feels safe and happy).

Children can explore our fully equipped sensory room with no expectations or judgement. Come and enjoy a fun, sensory play experience and meet some other parents & caregivers who are navigating the same stage of life.
